Portfolio: madhuribenbalas.github.io/Profile • 8+ years • **Requires visa sponsorship (EU work permit)**

PROFILE

Senior test automation engineer with **8+ years** in banking, FinTech, financial markets, telecom, mobile and AI/GenAI, specialising in AI chatbot and NLP testing, for clients such as **Rakuten Mobile (Japan)**, **Commonwealth Bank of Australia** and **Refinitiv (LSEG)**. I lead a team of **5 testers**, have interviewed **25 candidates** for automation roles, and own test plans, RTMs and deployment sign-offs. I built a **Python + BERT framework** from scratch to validate LLM/Rasa chatbots; on Rakuten Mobile's shop reservation platform, parallel execution cut Jenkins builds from **~2 h to ~45 min** and Claude AI lifted output from **~40 to nearly 200 tests** in two months. Across **7+ clients**: **4,500+ automated tests** and **480+ critical defects** found. **Tester of the Quarter (Q4 2025)**; **ISTQB CTAL-TM v3.0** (Test Management) certified and completing **CT-AI and CT-ATLaS** (Nov 2026) for a **Test Lead / QA Lead** role.

WORK EXPERIENCE

05/2022 – present

Senior Tester – Automation | SourceFuse Technologies India Pvt. Ltd.

Noida, India (IT services) | **Clients:** Rakuten Mobile (Japan), Commonwealth Bank of Australia, Comviva (NGAGE NeuraTalk, BlueMarble GenAI), ITOMIXER

- **Team leadership & hiring:** 5 testers report to me across 2 squads in a 15-member QA team; PR reviews, test case reviews, knowledge transfer and mentoring on AI testing, NLP and automation best practice. Interviewed 25 candidates for automation tester positions across projects.
- **Strategy & release governance:** test strategy and scope for concurrent client projects (entry/exit criteria, timelines, risk areas); created test plans, requirements traceability matrices (RTM), defect traceability matrices and PoCs; provided QA sign-off for deployments and supported clients through UAT and production deployments.
- **CI/CD & AI-assisted testing:** Jenkins with AWS Device Farm on real Android and iOS devices; Claude AI and GitHub Copilot for locator creation and script generation, cutting scripting time and improving accuracy.

08/2026 – present

Rakuten Mobile (Japan) – Shop Reservation System: retail reservation & queue management

Role: *Senior Tester – Automation* | ***Technologies:*** *Robot Framework, Browser Library, Jenkins, Claude AI*

• Test automation for online reservations, walk-in check-in, the Reception Terminal and queue management. • Cut Jenkins build time from ~2 hours to ~45 minutes with Browser Library and parallel execution; raised output from ~40 test cases a month to nearly 200 in two months with Claude AI. • Own execution, build monitoring, failure analysis and stakeholder reports; fixed flaky scripts and CI failures.

03/2026 – 08/2026

Rakuten Mobile (Japan) – Rakuten Link: mobile communication & services app

Role: *Senior Tester – Automation, Team Lead* | ***Technologies:*** *Kotlin, Jenkins, AWS Device Farm, Claude AI, GitHub Copilot | Android & iOS | English & Japanese*

• Automation for domestic and international calling, messaging (text, photos, videos, group chats of up to 100), payments, rewards, Rakuten Cash and Points wallet, account management, the Rakuten Link AI assistant, news and weather.
• Automated 40+ test cases a week in Kotlin, English and Japanese (400+ in total), run on real devices via Jenkins and AWS Device Farm. • Led the testers in the 15-member QA team (2 squads of 7); PR reviews and quality standards for all deliverables.

04/2025 – 03/2026

Comviva – NGAGE NeuraTalk AI chatbot builder & agent portal

Role: *Senior Tester – Automation* | ***Technologies:*** *Python, Robot Framework, BERT, Semantic Analysis, Rasa, LLM*

• With no existing playbook, built a Python framework using BERT semantic embeddings and NLP analysis to validate LLM and Rasa chatbot responses and configurations. • 800+ automated tests: intent recognition, entity extraction, fallback, context switching, multi-turn accuracy, bot creation and deployment, canvas creation, message flows and agent-portal handover; 50+ critical defects found before production.

01/2025 – 03/2025

Comviva – BlueMarble GenAI & AWS platform

Role: *Senior Tester – Automation* | ***Technologies:*** *Python, Robot Framework*

• 200+ automated GenAI API scenarios for AI recommendations, response formats, quality and data accuracy, plus UI checks for API-to-front-end rendering and error handling; 30+ critical defects found.

08/2024 – 11/2024

ITOMIXER – Interactive multitrack music web & mobile app

Role: *Senior Tester – Automation* | ***Technologies:*** *Java, Selenium, Appium, JIRA | Web, Android & iOS*

• Analysed requirements and specifications; automated 1,500+ UI, functional and regression tests with a Java POM framework (Selenium web, Appium mobile). • Sanity, regression, E2E and SIT across QA, UAT, staging and production.
• JIRA defects by priority and severity; test plans, cases and execution reports; daily Scrum and retrospectives.

05/2022 – 06/2024

Commonwealth Bank of Australia – CCI PEGA, CWI & CRA squads

Role: *Senior Tester – Automation* | ***Technologies:*** *C#, SpecFlow BDD, Postman, Robot Framework, Oracle SQL*

• QA point of contact for the CCI PEGA, CWI and CRA Day0/Day1 squads: sprint test planning, progress reporting to business stakeholders, clearing external blockers. • SpecFlow BDD framework in C# for E2E, SIT, regression, UAT and staging across retail, business and premium banking, PEGA CRM and mortgage workflows. • PEGA API testing (Postman, Robot Framework) and Oracle SQL data checks; 60+ critical defects resolved. Contributed to SP193 (saved ~$100K a year in write-offs) and SP22a (10 minutes saved per case); 5 production changes in 2024.

10/2018 – 04/2022

QA Engineer | Tata Consultancy Services Limited (TCS)

Gandhinagar, India (IT services) | **Clients:** Refinitiv / LSEG (financial markets & data), Axis Bank (SIDDHI CRM, mobile)

- Test strategies, plans and reports; regression, smoke and functional reports within sprint deadlines for client demos. Raised and tracked 70+ JIRA defects with clear reproduction steps; coached peers on reporting standards and coverage.
- 5 company awards in 3 years: On the Spot Team (Jan 2022), Service & Commitment (Oct 2021), Special Initiative (Apr

2021), Star of the Month (Aug 2019), Star Team (Mar 2019).

TCS, ~1 year

Axis Bank – SIDDHI CRM mobile app

Role: *QA Automation Lead* | ***Technologies:*** *Appium, Java, React Native*

• Architected a POM-based Appium framework from scratch; regression cut from 3 days to 5 hours across 170+ scenarios (120+ Android, 50+ iOS); 60+ bugs raised and resolved before release; led the team's onboarding.

TCS, ~2.5 years

Refinitiv (LSEG) – Financial markets data platform

Role: *QA Engineer* | ***Technologies:*** *Java, Selenium BDD POM, Cucumber, AEM, Salesforce*

• 150+ multi-language site tests and 50+ Salesforce scenarios with Selenium Java BDD POM, data-driven and Cucumber frameworks. • Functional, compatibility, system and integration testing across QA, staging and production for a platform used by 40,000+ customers.

01/2018 – 06/2018

Intern – Web Developer | **Space Applications Centre (SAC), ISRO**

Ahmedabad, India | 6 months | MISD Department

• Built the Bank Guarantee Monitoring System (HTML, CSS, JavaScript, JSP) on ISRO-SAC's internal server, digitising financial guarantee tracking.

EDUCATION AND TRAINING

07/2014 – 06/2018 **Bachelor of Engineering, Information Technology** | **Parul Institute of Engineering & Technology**
Affiliated to Gujarat Technological University (GTU) | CGPA 8.37/10 | 2nd in college (all semesters) | Shri Dewang Mehta IT Award 2017 (NASSCOM top ranker, 4th year IT, GTU)

05/2010 – 05/2014 **Higher Secondary (HSC, Science) and Secondary School (SSC)** | **Jawahar Navodaya Vidyalaya (JNV), Porbandar**
Affiliated to Central Board of Secondary Education (CBSE) | HSC 77.6% (2012–2014) | SSC CGPA 9.2/10 (2010–2012) | School Captain

CERTIFICATIONS

10/2026 **ISTQB® CTAL-TM v3.0**, Advanced Level – Test Management | passed Oct 2026

10/2026 **ISTQB® CT-GenAI v1.1**, Testing with Generative AI | iSQI | No. 26-CTGenAI-283404-12 | 97.82% | Verify

10/2026 **ISTQB® CTAL-TAE v2.0**, Advanced Level – Test Automation Engineering | GASQ | No. 26-136482 | 92.42% | Verify

09/2026 **ISTQB® CTFL v4.0**, Foundation Level | GASQ | No. 26-136025 | 85% | Verify

01/2026 **Databricks Certified Generative AI Engineer Associate** | ID 171388162 | 100% in 5 of 6 sections, 78% in 1 | Verify | Wallet

06/2025 **New Relic Verified Foundation (NVF)** | ID 153823984 | Verify

07/2024 **LambdaTest Cypress 101** | ID C101-1P5SRF | Verify

01/2024 **AWS Certified Cloud Practitioner** | Validation No. 90X17HSLYEQ11Y5R | Verify

In progress **ISTQB® CT-AI v2.0** (AI Testing) and **CT-ATLaS** (Agile Test Leadership at Scale) | expected Nov 2026

SKILLS

Competencies: Test strategy & risk-based testing, functional/regression/performance/API testing, team leadership & mentoring, AI chatbot & GenAI testing, framework design, UI/API/mobile automation, CI optimisation & parallel runs, flaky-test analysis, defect life cycle, stakeholder communication, Oracle DB testing • Agile Scrum, SDLC, STLC, sprint planning, retrospectives

Programming: C# (expert), Java (expert), Kotlin (proficient), Python (proficient), Oracle SQL

Automation: Selenium (BDD, POM), Playwright (Robot Framework Browser Library), SpecFlow BDD, Robot Framework, Appium, Cypress, Postman, REST Library • **Performance:** JMeter

AI & CI/CD: BERT embeddings, LLM response validation, Rasa, GenAI API testing, Claude AI, GitHub Copilot • Jenkins, Git, AWS Device Farm, LambdaTest, BrowserStack

Tools & cloud: JIRA, Zephyr, Xray, TestRail, PyCharm • AWS, Databricks, New Relic (observability), AEM, PEGA (CRM/BPM), React Native

RECOGNITION

Q4 2025 **Tester of the Quarter**, SourceFuse (Comviva NGAGE) – *Jatin Chauhan: "…automation solutions that significantly improved test coverage, efficiency, and product quality."*

Q1 2025 **Client recommendation**, Comviva BlueMarble GenAI – *"Felt like a natural extension to our existing team."*

Q1 2024 **Core Value Award: High Standard**, presented by the CEO – *"Streamlined automation systems through 5x department growth."*

2022 – 2024 **CBA manager, product owner and test lead reviews** – *Ryan Sharpley, Engineering Manager: "Always on the front foot; reliable, focused, committed."* | *Marielle Cereno, PO: "Set realistic timelines, proactively raised issues with solutions."* | *Michael Mynett: "Thank you for improving our process and risk profile."* | *Kavitha Balasubramanian, Test Lead: "Amazing work spotting bugs in Bankwest CRA Delta."* | also Suganya Chellam Krishnamoorthy and BharathRam GeethaBalu (CRA)

05/2024 **2-year anniversary recognition**, SourceFuse – *"Always made us proud in front of the client."* | **15+ recognitions in total**

ADDITIONAL INFORMATION

Languages: English: proficient user (C1) • Gujarati, Hindi: native-level (C2) • test automation delivered in English and Japanese

Achievements: Maths Talent Search 2009: 7th rank, state level • CBSE PSA 2013: 95.42 percentile, quantitative reasoning • Dr. S. Radhakrishnan GK Award 2011: 72% (all-states) • Smart Maths ABACUS Level 1, Grade A+ (2010)

Activities: Regional Science Congress 2012 (NVS Pune Region) • Green Olympiad 2011 (Ministry of Environment & TERI) • Essay Writing 1st • Poster 3rd • Lagna Geet 2nd • Painting merit, BL Kuriakose Elias inter-school (2009) • Kabaddi 1st at JNV Porbandar (2009–10), selected for NVS Pune Regional Sports

Work permit: Requires visa sponsorship to work in the EU • open to relocation • **References:** available on request
